

TRANSPERE

BRINGING CLARITY TO AN OBSCURE WORLD

TRANSPERE

- SIMPLIFIED IT ASSET DISPOSITION
- DATA DESTRUCTION
- OEM DISPOSAL
- E-RECYCLING, FULL LOGISTICS

Transpere provides customers a complete, technology driven, transparent approach to the ITAD and E-Scrap industries while protecting all customers data and maximizing asset value.

MISSION

We provide innovative ITAD and e-scrap solutions to shape our customers environmental, privacy and value goals while globally creating a cleaner world.

VISION

To be the world class leader in ITAD and electronic recycling services through unique and transparent solutions setting industry precedence.

BRINGING CLARITY TO AN OBSCURE WORLD

■ SIMPLIFIED IT ASSET DISPOSITION ■ DATA DESTRUCTION ■ OEM DISPOSAL ■ E-RECYCLING, FULL LOGISTICS

MITIGATING RISK & MAXIMIZING VALUE

‘We provide full chain of custody security for the management of retired IT assets’

IT Asset Disposition

Trained technicians in value recovery from decommissioned IT assets

Data Destruction

Industry leading data destruction solutions

E-Recycling

Environmentally friendly disposal of EOL/non-operational IT assets

OEM Disposal

Secure service with environmentally compliant and profitable disposal of obsolete or excess inventory.

Full Logistics

Full suite of logistics services nationwide

RECEIVING

Assets are weighed & categorized by material

- Receiving Report

3 DAY SORT

All material is checked in by Make, Model, Serial and Weight

- Serialization Asset Report

PROCESSING

Final disposition is determined through vigorous testing and data eradication

- Detailed Asset Information Report

DATA SECURITY

All data bearing assets are either wiped for resale or destroyed

- Certificate of Destruction
- Software Eradication Report

QUALITY CHECK

30% of assets are randomly selected for a two-pass verification process

- Internal Data Accuracy Report

FINAL DISPOSITION

Assets are transferred to whole sale, individual sales or recycling

- Certificate of Recycling
- Settlement Report

IT ASSET DISPOSITION & REPORTING

DATA DESTRUCTION

Once the customer has determined the security and data destruction levels, we will destroy the data using the customer preferred method of Clearing, Purging, or Physical Destruction via shredding. Our data eradication software, WIPE OS is compliant to NIST 800-88r1. All methods of data eradication that are used within Transpere facilities can also be deployed for off-site data eradication.
